

OUTSTRETCHED WINGS OF THE SPIRIT ~~RELIGIOUS~~ NATURALIST LENT COURSE, 2021

A Religious Naturalist Lent Course

This religious naturalist Lent series was first run for the Unitarian congregation in Cambridge in 2014 in which we explored Henry Nelson Wieman's thinking and religious naturalism in general. Given this we thought it would be well worth working through Donald Szanthy Harrington's Unitarian, Lenten Manual from 1980 which he based upon some of Wieman's work.

Below you will find a link which will take you to the page on the minister's blog where the course is hosted.
